

1. Draws are held weekly at 10 p.m. on a Monday night (Tuesday night on bank holiday weekends) at various public houses in the town.
2. Different coloured tickets are used each week to avoid confusion.
3. Tickets are distributed through club promoters each Tuesday (Wednesday on bank holiday weekends).
4. To win or share the Jackpot you have to correctly match four numbers from thirty with those drawn. There is a runners-up prize fund to be shared among those correctly matching three of the four numbers drawn.
5. All tickets (sold or unsold) are to be returned to a central location prior to the draw on each Monday night.
6. If tickets are not returned when we reach the Public House an effort is made to locate them and include them in the draw.
7. Prior to the draw, all tickets (sold and unsold) leave the public house and are brought to the checking area (which is not where the draw is taking place) by a club official. Additional checkers will be waiting to assist in sorting the tickets into sold and unsold.
8. Tickets not included when the tickets leave the premises are deemed to be null and void.
9. Tickets with no numbers selected or the incorrect number of selections (for example three or five numbers selected) are deemed to be null and void.
10. Tickets are distributed among customers of the public house for a house draw for two €10 notes. Club committee members do not receive tickets for the house draw.
11. The proprietor / manager of the premises draws the four numbers and also draws the tickets for the house draw.
12. Club officials bring the winning numbers to the Checking Area.
13. The tickets are then checked for Match 3 or Match 4 (Jackpot) winning combinations.
14. A second check is carried out to ensure that all winners have been identified.
15. A result's sheet is drawn up for distribution to the printer, local shops and local newsagents.
16. Winners receive their prizes through their promoter with the following weeks tickets. For publicity purposes a Jackpot winner may have their photograph taken with club officials for the local papers.
17. The tickets for the following weeks draw are printed on the Tuesday morning and are available for collection by the promoters on Tuesday afternoon from the Central Location.
