

Facilities & Development Worksheet

In five years we will be able to say:

“Our players and members now enjoy the very best possible facilities in the area, both on and off the pitch.”

Topics to consider:

- Pitch Maintenance;
- Development sub-committee;
- Player & spectator facilities;
- Best use of facilities;
- Maintenance costs;
- Requirements;
- Priorities;
- Sources of expertise;
- Safety Coordinator & Safety Statement.

These topics are guidelines for discussion, and while your group is expected to discuss each of the topics above, your discussions are not limited to them. Feel free to discuss other topics on this subject and make relevant notes.

On the next page, please make notes on what your group believes the club should do over the coming five years to improve the facilities of the club for players, members and spectators.
