1. INTRODUCTION

The GAA is the largest sporting organisation in Ireland with a network of over 2,000 clubs, including 303 All-Ireland championship clubs. In total, 135,245 expressions of interest were recorded on the GAA website for the 2014 season, with 88,922 children participating in GAA Club Cúl Camps in the 2014 season. A total of 1,522,365 supporters attended inter-county football and hurling championship games in the 2014 season. The very significant level of interest in GAA sporting activity is reflected in the more than one million followers of GAA national, provincial and county Facebook and Twitter profiles.

The National Strategic Vision and Action Plan 2009–2015 addressed areas of activity organised under eleven themes. It was developed following an extensive consultation process that included county and provincial officers, players, teams, and a large number of members of the Clubs Forum, where 300 representatives from clubs across the country discussed all aspects of GAA activity. Major progress has been made in the implementation of the plan in each of the eleven themes.

The overall mission of the GAA has not changed since 2009. We continue to be a community-based, volunteer organisation promoting Gaelic games and lifelong participation. It has, however, changed significantly, the economic recession and the increase in youth emigration have had a significant impact on clubs, creating challenges not envisaged when the 2009–2015 plan was formulated. It is, therefore, necessary for us to redefine our goals and actions for the coming three years, to reflect both progress achieved through the implementation of the National Strategic Vision and Action Plan 2009–2015, and the changed circumstances of Ireland today.

This new plan covers the period 2015 to 2017, and includes a more focused consultation exercise. It was geared to guide our activities during this time, identifies specific strategies to achieve each goal and defined measures of success. Unlike the previous plan, it sets goals for staff and national committees of clubs, in consultation with local clubs. Provincial, county and club plans will be encouraged to develop plans to realise their own goals within the framework of national policy. An Implementation Committee has been established at National level and National committees will take responsibility for overseeing the plan’s implementation. The first task of this committee, with the support of a sub-committee, will be to develop a plan to implement the key elements of the plan.

The objectives we are setting are ambitious but achievable, and they will assist both staff and national committees in supporting our units to reach their full potential.
2. OVERVIEW OF THE PLANNING PROCESS

2.1 STEERING GROUP

In October 2013 the Association selected a representative group of volunteers and staff to participate in a steering group to develop the plan. The role of the steering group was to:

• define the criteria for a successful Strategic Plan
• identify the priority action areas to be addressed by the plan
• design a consultation process for the formulation of the plan

The steering group participants were:

1. Liam Ó Néill Uachtarán
2. Aogán Ó Fearghail Uachtarán-tofa (post Congress 2014)
3. Pól Ó Dochartaigh Ard Stiúrthóir
4. Des Collinane Comhlachta
5. John Horan Ath Cliath
6. Artan Mhic Mhathúna Fear Manach
7. John Hurley Séipéal
8. Germaine Noonan Ath Cliath
9. Pat Tender Cork
10. Michael McGreal Ros Comáin
11. Noel Quinn Dún na nGall
12. Colin Regan Liatroim

We also wish to acknowledge the major contribution of Peter Hanan and Orla Cullen (Pinta) and Central Council staff members Lisa Clancy, Teresa Bill and Ruairí Harvey.
2.2 DEFINING THE CRITERIA FOR A SUCCESSFUL STRATEGIC PLAN

The steering committee identified the following criteria:

1. The plan should be ambitious, but also achievable.
2. The plan will not focus on all areas of the Association’s activities, but will limit itself to priority areas defined by the consultation process.
3. The action items undertaken in each priority area should be capable of clear measurement.
4. The priorities and projects should be distributed over the three years of the plan to reflect the capacity of the Association.
5. The plan should provide a framework for the work of staff and committees at national level.
6. The document should be clear and intelligible.
2.3 IDENTIFYING THE PRIORITY ACTION AREAS TO BE ADDRESSED BY THE PLAN

The steering group identified six priority action areas:

1. Games
2. Clubs
3. Governance and Structures
4. Finance and Commercial
5. Communications
6. Cooperation within the Gaelic games family
2.4 DESIGNING A CONSULTATION PROCESS FOR THE FORMULATION OF THE PLAN

A two-stage consultation process was organised by the steering committee. Stage one consisted of interviews, an online survey, and internal and external submissions; stage two consisted of the work of focus groups with volunteers and Croke Park staff.

Stage-one consultations were carried out in December 2013 and in January, February and March 2014 with members of the following associations from the wider GAA family of games:

- Ladies Gaelic Football
- Camogie
- Handball
- Rounders

Online Survey:
An online consultation process was completed in January 2014 and drew 13,901 responses. Respondents were asked to identify priority areas to be addressed by the Association over the next three years. Participants included:

- Members
- Officers
- Players
- Spectators/supporters
- Coaches
- Overseas members
- Employers
- Parents
- Former players

Internal submissions were received from:

- National committees
- Congress planning workshop
- Provinces
- Sponsors
- Steering group members consulted with their own respective clubs

External submissions were received from:

- Irish Sports Council
- The Department of Transport, Tourism and Sport

Stage-two consultations were held following an analysis of the initial consultation findings. Focus groups, consisting of 40 nominated volunteers and staff at Croke Park, met on March 22-23rd. Each group was assigned responsibility for one priority action area and was asked to refine the responses from the stage-one consultation. The feedback from each focus group was presented to the steering group in April for further refinement and approval.
