

# LEVEL 1

## CHEST CATCH - PARTNER CATCH

— HURLING

This Basic Drill to practice the Chest Catch technique in a stationary position introduces a partner

**Organisation**

- Divide the players into pairs; one ball per pair
- The players face each other approximately 1m apart
- Each player throws the ball underarm for their partner to chest catch

**STEP Variation**

Space - To increase the challenge: Increase the distance between the players

Equipment - Against a wall: the player throws the ball under arm against a wall and uses the chest catch technique to catch the rebound

EQUIPMENT LIST

- Cones
- Sliotar
