

**LEVEL 2**  
**SOLO - TOE TAP RELAY**  
**— FOOTBALL**

**EQUIPMENT LIST**

Cones

Football

**This intermediate drill to practice the Solo technique requires the players to solo around a number of obstacles**

***Organisation***

- Divide the players into groups of 5; one ball per group
- Mark out a distance of 12m using cones
- Place 4 poles or more cones at equal intervals between the outer cones
- Alternatively, 4 of the players may act as the obstacles
- The players line up at one end
- Each player in turn solos the ball in and out between the poles, or their team mates
- When soloing to the left the players should use their left leg and when soloing to the right the players should use their right leg

***STEP Variation***

Task – Increase the distance between the poles and incorporate a bounce between toe taps
