

A PARTNERSHIP APPROACH

An Roinn Comhshaoil,
Aeráide agus Cumarsáide
Department of the Environment,
Climate and Communications

The GAA Green Club Toolkit is a programme of the GAA, LGFA and Camogie Association funded by the Department of Environment, Climate and Communications.

The GAA Green Club Toolkit was developed in partnership with local authorities. In 2020, the GAA signed a Memorandum of Understanding with the County & City Management Authority (CCMA), representing local authorities in the 26-counties, pledging to work together

to support clubs and communities in sustainability awareness and action. The GAA and the local authority Climate Actions Regional Offices (CAROs) collaborate on an ongoing basis on the practical realisation of the Green Club Programme objectives.

Green Club Expert Partners

The GAA Green Club Toolkit was developed with the support and expert input of partners from across the island of Ireland.
