Dealing with positive or suspected cases –Updated Advice for GAA Clubs, July 14th 2020*

If a player, match or team official displays positive symptoms he/she should refrain from further activities until the following steps have been undertaken:

Individual with symptoms contacts GP – who arranges triage and testing if required

Positive Test

NO FURTHER ACTION (Player should be symptom free for 48 hours before returning to activity)

Negative Test

Contact tracing takes place by public health authorities who will determine who are close or casual contacts

Players/backroom personnel follow advice of Public Health if they fall into one of the below categories

Close Contact	Casual Contact
Will be Tested	Passive Follow Up for 14 days
Will undergo active follow up from Public	Will be advised about their risk
Health	Should ring GP immediately if any symptoms
Should be contacted every day	develop
Telephone GP immediately if unwell	
Don't leave home unless necessary	
Avoid Travel (within or outside of Ireland)	
GAA INVOLVEMENT – None until medical	GAA INVOLVEMENT – As normal as long as
assessment and clearance to return	symptom free

^{*}This advice is subject to amendment pending the overall guidance document on Return to Sport Activities for Adults by the HPSC/HSE in the 26 Counties and any guidelines that may be issued by the Department of Health and Social Care in the 6 Counties
